

Registration of People Requiring Assistance During a Disaster living in Nantan-shi

Notification of Application for Registration

Nantan City has implemented a “System of Registering People Requiring Assistance During a Disaster living in Nantan-shi” to provide swift support to people who have difficulties in evacuating by themselves during a disaster such as elderly or disabled persons.

The purpose of the system is to have municipal and relevant organizations grasp information on people requiring assistance in advance and develop a support system to ensure local residents secure life. We also use the registered information in daily life watching system. If you would like to register yourself, please apply.

1. Target persons for registration
