Town Development Survey

For the Formulation of
"Third Nantan City Comprehensive Development Plan"

Request for Survey Cooperation

In March 2018, Nantan City formulated the "Second Nantan City Comprehensive Development Plan," which outlined a vision for the city's future 10 years ahead and the policy guidelines for achieving that vision. The city has been implementing various measures with a focus on "promoting permanent residency," but the plan period (fiscal years 2018 through 2027) is now drawing to a close.

Therefore, in preparing the "Third Nantan City Comprehensive Development Plan"—which will serve as the guiding policy for town development starting in 2028—we have decided to conduct a survey of 2,500 randomly selected residents in order to gather your opinions and incorporate them into the plan.

This survey will be analyzed statistically and will not be used for any purpose other than this one. We ask for your understanding of the purpose of this survey and appreciate your cooperation.

November 2026 Mayor of Nantan City, Yoshitaka Nishimura
